Precision Process Equipment, Inc. and Process Advanced Technologies Announce opening of Semiconductor Technology Center in Taiwan

Precision Process Equipment (PPE), of Niagara Falls, NY and Process Advance Technology (PAT) of Taipei, Shanghai & Shenzhen. Have formed a partnership called Process Partners International.

Process Partners International is pleased to announce the opening of their new Semiconductor Technology center located in the free trade zone at the Taiwan Taoyuan International Airport airpark:

A7 #5 Hang Siang Road
Dayuan, Taoyuan County
337 Taiwan

Process Partners also announces the delivery of the first Excellite- EXP M wafer plating system from this new facility, designed for UBM (under bump metallization) and redistribution layers on 200 and 300 MM wafers. This fully-integrated computer controlled system will be installed in a major Asian Semiconductor customer's facility.
